SAKO 85 CLASSIC has a series of actions which are designated: Short actions Extra Short (XS), Short (S) and Short Magnum (SM), Medium action (M) and Long action (L).

The ACTIONS continue to offer traditional SAKO features such as: action sizes matched to cartridges; mechanical ejection and integral tapered scope mount rail. Additionally there is a controlled feed on all models to ensure reliable cartridge feed to the chamber on all situations (Pat.pend.).

The MAGAZINE is detachable and it can also be loaded through the ejection port. Magazine release is prevented against accidental release (Pat. pend.).

The single-stage TRIGGER pull is adjustable from 1 kg to 2 kg (2 to 4 lbs). All models are available with a single-set trigger as option.

The SAFETY features a mechanism that allows loading and unloading of the rifle with safety engaged.

The straight, classic, walnut STOCK with rosewood fore-end tip and pistol grip cap is oilfinished. Strong, extended recoil lug screwed on the fore-end.

Open sights with post bead are adjustable for windage and elevation. Optionally available also without open sights. Integral rails for the scope mounts are on the top of the receiver.
